LETTER FROM THE FOUNDATION DEAR SISTERS,

It gives me great pleasure to share with you the 2016-2017 Donor Impact Report of the Alpha Phi Foundation. Each year the Foundation's Board of Directors takes a moment to look back and take stock of the impact you've made through the power of your philanthropy. This year has truly been one of investment.

The generosity of our donors, the commitment of the Board of Directors, the efforts of our volunteers and the hard work of the Foundation staff resulted in another year in which Alpha Phi Foundation was able to provide opportunities for leadership, learning and advancement in women's heart health.

Through the passion and support of Alpha Phis around the world, Alpha Phi Foundation has invested over \$1 million in research and education for women's heart health—an investment that will re-write the story for women around the world affected by the

Alpha Phi Foundation has invested over \$1 million in research and education for women's heart health—an investment that will re-write the story for women around the world.

No. 1 killer of women. Our Heart to Heart Grant leads the way among fraternal organizations in support for private grants for medical research and education. Your gifts have and will change outcomes for women for generations to come.

Your gifts have also made an impact on sisters near and far this year—helping them to achieve their dreams, reach their goals and to get back on track after life changing circumstances. Forget Me Not Grants assisted over 60 women, including those in flood-ravaged Louisiana. Your generosity was felt by the 67 Alpha Phis pursuing undergraduate and graduate degrees. And on our second ever Day of Giving, your donations helped fund ten \$1,000 grants for chapters to give their members a better collegiate leadership experience.

This year, your gifts have invested in the future of Alpha Phi, funding the programs that will help our Fraternity grow larger and stronger.

Futures have been changed because of grants, scholarships, programming and leadership training in support of our members and collegiate chapters. Together, we help empower Alpha Phi members to become leaders on their campuses, in their communities and in the world.

Your support of Alpha Phi Foundation is an investment in all the women who join this sisterhood—and the women they will become because of it. None of this would have been possible without you. On behalf of the Board of Directors and those who have benefited from your support...thank you. And thank you for believing in Alpha Phi.

Loyally,
Mary Beth Tully
Mary Beth Cooleen Tully (*Epsilon Psi-Lehigh*)
Alpha Phi Foundation Board Chair

"To step back and ask for help during my cancer battle has been hard, but it's comforting to know that the Foundation was there when I needed it."

FORGET ME NOT GRANT

RECIPIENT STORY JENNIFER HUTCHINSON FROBISH

To say the past year has been one of the worst of my life would be an understatement. I am accustomed to being the caregiver and person helping everyone else out. To step back and ask for help during my cancer battle has been hard, but it's comforting to know that the Foundation was there when I needed it. Many of you know me already, but for those who don't, I'd like you to know who you've helped.

I am a wife. Opposites attract has never been truer when it comes to my husband and me. I'm loud. He's quiet. I'm emotional and quick to react. He's calm and level. I don't do spontaneity. He doesn't plan anything. He's a good man. A steady man. He works hard to provide for our

family, and he is forever grateful for your help. I am the mom of two amazing children, Sophia and Matty. My daughter is a miniature version of me in many ways. She's creative and has a heart that's bigger than her abilities. In fact, I believe she's the youngest Foundation donor. She gave her first gift in 2013 after earning some babysitting money, and she asked that it go to the Forget Me Not Fund to help people who needed it. She still has her letter from the Executive Director. My son is my heart. He has Fragile X Syndrome so he lives with significant mental impairment, but he is the sweetest, most beautiful person I know. He's my soulmate.

I am a daughter. I am a sister. I am an aunt. I am many things, including a cancer survivor. After undergoing a stem cell transplant on August 9, 2017, I am cancer free and recovering. Thanks to your incredible generosity, I have been able to focus on my family and health, instead of the financial challenges of a major medical procedure. Thank you for alleviating that stress.

Jennifer Hutchinson Frobish
(Epsilon Delta-Northern Illinois)

HEART TO HEART GRANT

RECIPIENT STORY DR. DORIS TAYLOR

Dr. Doris Taylor, the Director of the Regenerative Medicine Research and the Center for Cell and Organ Biotechnology at the Texas Heart Institute, will use the Foundation's \$100,000 Heart to Heart Grant to implement a cutting-edge research study which examines the cellular differences between men and women in blood, bone marrow and stem cells of patients enrolled in cell therapy clinical trials.

Cardiovascular disease is largely underestimated in women and the need to understand their difference from men has motivated scientists like Taylor to explore new therapeutic strategies. Traditional risk factors like high blood pressure, high cholesterol and diabetes do not explain why younger women continue to have greater odds of early death due to heart conditions.

With this grant, Taylor seeks to identify new biological mechanisms that may contribute to this phenomenon and could ultimately result in more tailored treatments for women living with heart disease.

The Texas Heart Institute also offered the opportunity for two Alpha Phi women interested in biomedical research to assist in laboratory research during this past summer. Lauren Greger (Phi-Oklahoma) and Adriana Cook (Iota Omega-Ole Miss) spent six weeks working with the Texas Heart Institute staff building key research skills in regenerative medicine.

With the awarding of the 2017 grant, the Foundation officially surpassed \$1 million invested in women's heart health initiatives!

"Bone marrow cell therapy has been used to treat men and women with cardiovascular diseases worldwide. However, few clinical trials have explored the sex-based differences in the composition and potency of bone marrow cells to better understand the outcome of the trial. A proteomic profiling of the cell product from men and women may reveal important sex- and disease-specific differences that could improve the design of future human bone marrow stem cell therapy trials."

- Dr. Doris Taylor

\$100,000

AWARDED TO THE
TEXAS HEART INSTITUTE

LEADERSHIP AND EDUCATIONAL PROGRAMS SUPPORTED BY FRATERNITY GRANTS

EMERGING LEADERS INSTITUTE (3 SESSIONS)

\$240,651

The Emerging Leadership Institute provided 150 collegiate women with the opportunity to clarify, articulate and apply the Alpha Phi values of leadership, service, sisterhood, loyalty, intellectual development and character development. Through this process they learned how to lead with authenticity, integrity and confidence. Attendees practiced leadership and communication skills, deepened their understanding of Alpha Phi Ritual, and discovered their personal values, all while building a community of support among sisters from all over the country.

"My experience at ELI has transformed the way I now see leadership. I am personally motivated and equipped with new skills and techniques to lead my chapter. I have developed a new sense of community and a new meaning of sisterhood, bringing me closer to Alpha Phi and its values. I am forever grateful for my experience at ELI."

– Kaitlyn Swift (Gamma Pi-Arizona State)

LEADERSHIP FELLOWS

\$114,786

The Leadership Fellows Program provided 40 upperclassmen women the opportunity to develop their leadership potential through classroom and real-life training, as well as opportunities for networking and professional enrichment to position them for success as the next generation of business and community leaders. In addition to providing collegiate members with the above, the Fellows Program provided alumnae with a volunteer opportunity for participation in the program through facilitation and coaching of a small group of participants to personalize the curriculum.

"The Fellows Program helped prepare me for life after being an active member. The Foundation is investing in my future and for that, I am grateful."

– Jessie Chubaty (Beta Eta-Manitoba)

CAMPUS CLARITY

\$21,064

Campus Clarity is an online educational program designed to minimize risks associated with alcohol, drugs and sexual violence. Through a three-part course, called Think About It, students are empowered to make healthy choices. Think About It offers a comprehensive harm-reduction approach that addresses the relationship between alcohol, drugs and sexual violence instead of educating on each topic in isolation.

Through the Think About It programming, over 2,100 collegians were provided with:

- The necessary confidence and skills to intervene before harmful behavior occurs.
- The ability to speak out against stereotypes and attitudes through social norm exercises.
- The tools to support sexual assault survivors.

HAZINGPREVENTION.ORG SILVER LEVEL SPONSORSHIP

\$1,000

HazingPrevention.Org is a national organization dedicated to its mission to empower people to prevent hazing in college and university student groups. They provide education, develop resources and build partnerships with others who believe in the work they do. Through this sponsorship, Alpha Phi had access to educational materials and tools, such as webinars, newsletters and in-person institutes, to empower our collegiate members to promote hazing prevention in their chapters and on their campuses not only during Hazing Prevention Week, but on a year-round basis.

FRATERNAL GOVERNMENT RELATIONS COALITION LOBBYIST TRAINING AND EXPERIENCE IN D.C.

\$6,050

Each April, the Fraternal Government Relations Coalition invites students and alumni from Greek organizations to Washington, D.C. to help educate members of Congress and their staffs about the value of the Greek system. This past April, the Foundation funded the opportunity for four Alpha Phi collegians to have this unique educational experience. The attendees gained access to professional lobbying training, learned how to support issues that are relevant to college students, their chapters and the greater Greek community, as well as developed networking skills and connections with government officials.

"I went to Washington not knowing exactly what I would experience, and I left with new friends, mentors and an unbelievable lobbying experience under my belt."

– Erin Sparks (Iota Nu-Kentucky)

EDUCATIONAL LEADERSHIP CONSULTANTS

\$260,374

Each year, inspiring Alpha Phi chapter leaders are selected through a competitive interview process to serve as full-time Educational Leadership Consultants (ELCs) after graduation. ELCs visit campuses to facilitate discussion and workshops for Alpha Phi's collegiate membership on topics of scholarship, philanthropy, educational programming, leadership and personal development.

In 2016-17, 24 Educational Leadership Consultants and Specialists visited 167 chapters and two colonies. They provided guidance to more than 2,000 collegiate officers and worked with nearly 600 alumnae volunteers.

"After serving as an ELC for 10 months, I can confidently say that no other opportunity in my life has prepared me better for my career. The skills I have learned through this position have improved my critical thinking, reasoning, communication and adaptability, while also allowing me to interact with volunteers and collegians all over the country. This program not only proves to be an amazing opportunity for consultants, but for the health of our chapters and their collective success."

– Chloe Goad (Sigma-Washington)

UNDERGRADUATE INTERFRATERNITY INSTITUTE

\$6,100

This year the Foundation funded the opportunity for 10 collegiate members to attend the Undergraduate Interfraternity Institute (UIFI). UIFI is a 5-day leadership institute in which collegiate women and men from across North America come together to explore, define and enhance their leadership skills. Through UIFI, students strengthen their leadership abilities and develop strategies to positively impact their chapter, council and community. Members who attended this institute returned to their chapters better prepared to take on Executive Council positions and equipped with a broadened interfraternal network.

CHAPTER LEADERSHIP DEVELOPMENT

\$25,689

The Chapter Leadership Development program provides leadership, scholarship and networking components for the continuing development of collegiate chapter leaders, Educational Leadership Consultants and alumnae volunteers. Through the Leadership Online programming series, leadership conference programming and speakers, member online resources, training and support for chapter officers and community service materials and networking panels, members have access to the materials needed to make a difference on their campuses and in their communities.

"Most of my sessions were forum-based and allowed the women in my department to learn what has and hasn't worked for each chapter. We were able to share ideas and work together to try and solve some of our issues."

– Juliana Spiegel (Eta Theta-San Francisco State)

ALUMNAE CHAPTER ACADEMY

\$3,645

Alumnae Chapter Academy is a weekend of training for women in leadership roles in their local alumnae chapters. The goal is to develop new skills, gain ideas, meet new people, renew friendships, network with other alumnae and help plan the future of alumnae chapters.

As a result of the program, the Alumnae Chapter leaders were inspired and equipped to support the Fraternity's goal of lifetime membership.

"The Alumnae Chapter Academy allowed me to see once again how deep and far our sisterhood can reach. Attending the Academy gave me more insight into the direction of our Fraternity and how I can help Alpha Phi reach its goals. I would recommend this Academy to any alumnae; it will re-ignite their passion for Alpha Phi."

– Shea Brill, Wichita Area Alumnae Chapter (Gamma Xi-Wichita State)

SCHOLARSHIPS

Academic excellence is a hallmark of Alpha Phi. This year, through the generosity of its donors, Alpha Phi Foundation awarded its largest scholarship sum in its 60 plus years of existence with more than \$210,000 in scholarships given to 67 recipients. These sisters exemplify academic excellence, outstanding service and dedicated involvement on their campuses and in their communities. The Foundation is proud to continue recognizing the remarkable accomplishments of Alpha Phi women by awarding merit-based and need-based scholarships to help them fulfill their promise and potential because every Alpha Phi deserves the opportunity to pursue her intellectual curiosity without burden. Below are just a few of the women from our outstanding cohort of recipients:

ZETA IOTA SCHOLARSHIP

Vicky Wolfe Bender
(Zeta Iota-Virginia)
MBA

"Returning to school to complete my MBA has long been a personal goal, and the coursework is already supplementing my 20 years of experience as a sales and marketing professional in the K-12 and higher education space. Achieving this educational goal will help me to be a better leader and businesswoman."

DARCEL ATWILL WELLER SCHOLARSHIP

Olivia Bergeron
(Gamma Iota-Texas Tech)
Finance

"The Darcel Atwill Weller Scholarship will allow me to explore real-world learning experiences such as internships, volunteering or shadowing, without the stress of financial obligations. The scholarship has inspired me to reach for opportunities that I may have pushed aside, and I thank Alpha Phi for giving me the chance to go for it!"

MABEL COOPER LAMB SCHOLARSHIP

Eva Schons Rodrigues
(Eta Mu-Marquette)
History, International Affairs and Women's & Gender Studies

"It is difficult to succeed as a college student when you are faced with several of life's greatest challenges. In the past few years, I have had to deal with losing my father to cancer and working long hours alongside my academic requirements to help my mother financially, not just to pay for my college but to pay for our family's expenses, as our financial situation grew worse. Effort and hard work are definitely instrumental in succeeding despite these challenges, but I really believe that I would not have been successful had it not been for this scholarship, your generosity and your trust in me that I have potential."

CAROL KLINK CLAUSSEN SCHOLARSHIP

Olga Lukashina
(Epsilon Rho-UC Davis)
Computational Statistics

"The Carol Klink Claussen Scholarship will relieve me of having to work in order to pay for tuition, allowing me to focus on my studies and research. I am inspired to give back to Alpha Phi in the future, to help the next generation of collegiate women achieve their goals and dreams."

"To me, 'Advancing women's lives through the power of philanthropy,' means giving women the tools to believe in their own self-worth—necessary to achieving their highest potential. I can never put into words how amazing it is to see the changes firsthand that we, as Alpha Phis, have implemented to advance the lives of women around North America."

- Stephanie Bianco (Xi-Toronto)
Clara's Circle Leadership Council Chair

Clara's Circle is Alpha Phi Foundation's giving circle exclusively for collegians. Through Clara's Circle, Alpha Phi collegians join together in celebrating sisters and changing lives while learning about the power of philanthropy through individual giving.

4/4 DAY OF GIVING FOUR YEARS, FOR LIFE

April 4, 2017 marked Alpha Phi Foundation's second Day of Giving!

Alpha Phi sisters, family and friends made the most of 4/4 to celebrate **Four Years, For Life**—honoring the impact Alpha Phi has made on their lives by putting their philanthropy in action.

From making contributions to rallying sisters on social media, more than 1,100 donors contributed to the Foundation's success, raising over \$90,000.

Ten collegiate chapters took home a \$1,000 prize to enhance their academic, leadership or service programming during 2017.

Thank you to all who celebrated **Four Years, For Life** by helping sisters become the scholars, leaders and women they strive to be!
