The container will have a 704px width

# 👉 Extra large: Desktops (≥1200px)

.col-lg- (Desktop HD dimensions used below)

The container will have a 1136px width

Hi 👋

I made this template with this docs 👉 http://flexboxgrid.com/

The gutters are defined as 32px (16px on each side of a column)

The green columns are the right and left paddings of the class .container-fluid

I hope you like it✌️ // Thomas Pageot

# 👉 **Small Devices: Tablets**

.col-sm- (Tablet 7" dimensions used below)

The container will have a 536px width

# 👉 **Large Devices: Desktops**

.col-lg- (Desktop dimensions used below)

The container will have a 960px width
